To Whom it May Concern:

In an effort to provide more rapid and cost effective support solutions for current owners of Cadillac Gage vehicles, Textron Marine & Land Systems has entered into a license agreement with NAPCO International in support of the Cadillac Gage family of light and medium armored vehicles. This license agreement provides the full Cadillac Gage Original Equipment Manufacturer (OEM) technical data package to NAPCO to enable them to fully support Cadillac Gage customers through the commercial sale of parts and services.

The vehicles covered under this agreement include:

- V-100
- V-150 Commando
- V-300
- Scout
- Stingray

NAPCO is authorized to provide the following services direct to existing users of Cadillac Gage products:

- Spare Part Sales
- Vehicle Reset / Service Life Extension Programs
- Vehicle Upgrades
- Obsolescence Management Services

Textron Marine & Land Systems / Cadillac Gage is confident that NAPCO will provide a timely and cost competitive solution for our existing customers. Should there be any questions on this license, please contact me at the information below.

Sincerely,
